

How to use a 15 Bay Docking Station for SAFE-DISTANCE

1. Sign out

Place an ID card against the orange swirl icon on the Docking station to sign out a HAVwear.

2. Collect

Unclip the HAVwear from the bay with the flashing LED light

3. Protect

Insert HAVwear into the holder so that the strap is in contact with the wrist. Snugly fit the strap around the wrist (do not remove until returning to a Docking station).

4. Return

Return to docking station at end of shift to be recharged.

HAVWEAR user tips

How to assemble the silicon strap

A holder and strap are required to secure a HAVwear to the wrist.

NOTE: The wrist strap is personal and should always be subject to appropriate occupational hygiene procedures regarding cleaning and replacement.

SAFE-DISTANCE screen & alerts

When you come too close to a colleague wearing a Reactec product, you will receive a short buzz and vibration alerts. The alerts will intensify with time. You will receive repeated alerts until the distance between you and your colleague increases.

The HAVwear should be re-charged fully before being put into storage where not mounted in a powered up docking station. It is also recommended to recharge the unit on a regular basis (monthly) with a 1 hour top up charge.
