

# How to use a 4 Bay Docking Station for SAFE-DISTANCE

**REACTEC**

INFORM : PROTECT : DEPLOY

## Sign out

1. Press and release the Docking station button.

2. Wait until a red LED flashes next to a HAVWEAR to indicate which HAVWEAR to sign out.

3. Place a valid ID card on top of the HAVWEAR until a beep sounds.

4. Remove the ID card and the HAVWEAR will display the first name initial and first three letters of the ID card owner's last name.

## Collect

5. Remove the HAVWEAR which is ready for use.

## Protect & Connect

6. Insert the HAVwear into the holder so only the strap is in contact with the wrist. Snugly fit the strap around the wrist (do not remove until returning to a Docking station).

7. Return to docking station at end of shift to be recharged.

## HAVWEAR user tips

### How to assemble the silicon strap

A holder and strap are required to secure a HAVwear to the wrist.

NOTE: The wrist strap is personal and should always be subject to appropriate occupational hygiene procedures regarding cleaning and replacement.

Five

**SAFE-DISTANCE STATUS**

**SAFE:** Not too close to colleague  
**TOO NEAR:** Should move away

**Operator Initials**  
First Name initial & first 3 characters of Last Name

**Battery Level**  
Indicates battery level

## SAFE-DISTANCE screen & alerts

When you come too close to a colleague wearing a Reactec product, you will receive a short buzz and vibration alerts. The alerts will intensify with time. You will receive repeated alerts until the distance between you and your colleague increases.

The HAVwear should be re-charged fully before being put into storage where not mounted in a powered up docking station. It is also recommended to recharge the unit on a regular basis (monthly) with a 1 hour top up charge.
